Macroeconomics 10th Edition

Today's economy may be tough, but economics doesn't have to be. Let Roger Arnold's *MACROECONOMICS*, 12E open up the world of economic analysis. With more detailed coverage of the financial and economic crisis than any other principles text on the market, this inviting book offers innovative and engaging learning features and easy customization. The author weaves memorable examples from pop culture throughout this edition and bolsters reader interest by illustrating the unexpected places macroeconomics occur. Readers see how economic forces link to every day events and form an important part of life 24/7. Coverage of the latest macroeconomic developments and new content reflect today's changing economy and equip readers with a thorough understanding of contemporary macroeconomics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A complete introduction to basic principles of economics for the two-term course. Also available in micro and macro paperback splits. Balanced presentation of major macro theories, thorough integration of international topics, a unique active learning format, a wealth of interesting real-world applications, and a focus on the economic way of thinking are presented in an interesting and upbeat style so students can understand and appreciate the material. "Fully integrated Internet" features offer hands-on exercises exploring economics on-line. Outstanding exhibits and graphs strategically use color and cause/effect diagrams for maximum student accessibility and understanding. A remarkably student-friendly text with solid theoretical content.

Find your next career with COMPARATIVE HEALTH INFORMATION MANAGEMENT, 4e. Updated for the fourth edition, this book explores a variety of professional settings where opportunities abound, including hospitals, ambulatory clinics and medical offices, veterinary practices, home health, long-term care, and correctional facilities, as well as emerging practice areas in consulting and cancer registry. Focused on the challenges of managing and protecting the flow of information across sites, chapters introduce the health care system today, and then delve into specifics of the many HIM roles available to you, enhancing discussions with key terms, self-test questions, web links, and more to add meaning to concepts. Additional features include realistic case studies to help you solve problems, and new “Professional Spotlight” vignettes for an inside view of actual professionals in their HIM careers. Important Notice: Media content referenced within the product description or the product text may not be
