authors and researchers in Spanish speaking countries express their thoughts on contemporary philosophy of technology. Written in English but fully capturing a Spanish perspective, the essays bring the views and ideas of pioneer authors and many new ones to an international readership. Coverage explores key topics in the philosophy of technology, the ontological and epistemological aspects of technology, development and innovation, and new technological frontiers like nanotechnology and cloud computing. In addition, the book features case studies on philosophical queries. Readers will discover such voices as Miguel Ángel Quintanilla and Javier Echeverría, who are main references in the current landscape of philosophy of technology both in Spain and Spanish speaking countries;
