FOX FILES combines in-depth news reporting from a variety of Fox News on-air talent. The program will feature the breadth, power and journalism of rotating Fox News anchors, reporters and producers.

The Complete Book of Classic John Deere Tractors explores the range of iconic "green tractors" with which Illinois-based John Deere has become one of the world's most recognizable brands. Part of Motorbooks' Complete Book series, this fact-packed volume takes you through dozens of John Deere farm models, beginning with the 1892 Waterloo Boy and ending with the game-changing New Generation and Generation II lines. With selected text from The Bigger Book of John Deere by late legendary Deere historian Don Macmillan, this book details year-to-year model changes within each series and offers comprehensive specs charts compiled by Deere authority John Dietz. In addition to the Waterloo Boy, you'll witness the entire 40-plus years of two-cylinder "Johnny Poppers," from the 1924 Model D through the 830 Series models in 1960, and the styled tractors of the prewar and postwar years. Also featured heavily are the groundbreaking New Generation tractors launched to much fanfare in 1960 and their successors, the New Generation II lineup with their Sound-Gard cabs. Standard, row-crop, orchard, and even a selection of experimental models...they're all here. In addition, you'll find coverage of John Deere 's rich international heritage, with tractors produced in Spain, Germany, and Australia. Illustrated with incredible color photography and period advertising, The Complete Book of Classic John Deere Tractors is an essential edition for the library of any Deere fanatic.

Despite early failures, Le Tourneau rose to eminence in the competitive world of manufacturing and construction. His combination of Christian enterprise and commitment led to his sponsoring many works involving mission and education.

" Business Adventures remains the best business book I ' ve ever read. " —Bill Gates, The Wall Street Journal What do the \$350 million Ford Motor Company disaster known as the Edsel, the fast and incredible rise of Xerox, and the unbelievable scandals at General Electric and Texas Gulf Sulphur have in common? Each is an example of how an iconic company was defined by a particular moment of fame or notoriety; these notable and fascinating accounts are as relevant today to understanding the intricacies of corporate life as they were when the events happened. Stories about Wall Street are infused with drama and adventure and reveal the machinations and volatile nature of the world of finance. Longtime New Yorker contributor John Brooks ' s insightful reportage is so full of personality and critical detail that whether he is looking at the astounding market crash of 1962, the collapse of a well-known brokerage firm, or the bold attempt by American bankers to save the British pound, one gets the sense that history repeats itself. Five additional stories on equally fascinating subjects round out this wonderful collection that will both entertain and inform readers . . . Business Adventures is truly financial journalism at its liveliest and best.

The Evidence Behind the Hit Movie The goal of God ' s Not Dead: Evidence for God in an Age of Uncertainty is straightforward: to help readers develop “ a faith that is real and credible—and strong enough to help others find faith in God. ” To that end, Rice Brooks outlines a roadmap that guides seekers to acknowledge the most basic truths of Christianity: There is overwhelming and exciting evidence for God ' s existence The God who exists is indeed the God of the Bible God has revealed his nature through his Son, Jesus Christ As shown during the movie, this is the original book on which the main character bases much of his debate points with the atheistic professor. Persuasive arguments crafted with tools borrowed from logic, science, and philosophy, as well as scripture, solidify the faith of the Christian reader and provide starting points for discussions with skeptics. With clear, easy-to-follow explanations of key concepts and controversies, God ' s Not Dead is apologetics for the twenty-first century, presented in layman ' s terms. Readers will be empowered not only to talk about their own faith with confidence but to lead others to a relationship with Jesus.

This book provides a new institutional economics perspective on alternative models of local governance, offering a comprehensive view of local government organization and finance in the developing world. The experiences of ten developing/transition economies are reviewed to draw lessons of general interest in strengthening responsive, responsible, and accountable local governance. The book is written in simple user friendly language to facilitate a wider readership by policy makers and practitioners in addition to students and scholars of public finance, economics and politics.
