The original "Programming Pearls" is, in my opinion, one of the greatest books on software ever written. It is a collection of the best, most timeless articles written during some of the most fascinating years in the history of computers. And then there's this book, which is composed of other articles from the same author.

by Jon Bentley that successively published in 1986 and 1988. Both of them have become a masterpiece in the field of computer science. If you want to be a really excellent programmer, you have to read them first.

### *More Programming Pearls: Confessions of a Coder Scanned ...*

The original Programming Pearls is a fabulous look at algorithms, correctness and performance. This sequel is a little less thematically linked and a little more uneven, but is definitely worth reading by any programmer.
