As firms struggle in the modern era to achieve financial success, many recognize that a global economy has made their task more challenging than ever before. Universal access to the latest information and the ability to duplicate technological capabilities make it difficult for firms to sustain previously existing competitive advantages. Business leaders understand that the challenges that they face require a new and much more behavioral approach to managing their companies than has been successful in the past. In this volume, we address the quest for success in a world where innovation

and constant change threaten the status quo. Today's successful leaders recognize the importance of creating organizational cultures that build trust, treat employees as valued partners, and provide those employees with the resources to constantly learn. Emphasizing a value-based and behavioral approach to managing employees, many of the chapters of this book address the importance of a strategic approach that is committed to both organizational excellence and the best interests of a company's employees. Nearly eighty years ago, Chester Barnard emphasized that successful organizations both pursue a worthy purpose that benefits society and strive to satisfy the individual needs of its membership. This volume endorses the importance that successful organizations today are committed to values that inspire others, work for the best interests of the global community, and demonstrate a commitment to constant improvement. The theme of this volume is that competitive advantage can best be achieved by leaders and companies that are constantly learning, looking for more effective and efficient ways to assist customers, and those who are dedicated to innovation and the pursuit of excellence.

For undergraduate and graduate courses in strategy. In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping students develop their own cutting-edge strategy through skill-developing exercises. The Fifteenth Edition has been thoroughly updated and revised with current research and concepts. This edition includes 29 new cases and end-of-chapter material, including added exercises and review questions. MyManagementLab for Strategic Management is a total learning package. MyManagementLab is an online homework, tutorial, and assessment program that truly engages students in learning. It helps students better prepare for class, quizzes, and exams—resulting in better performance in the course—and provides educators a dynamic set of tools for gauging individual and class progress.

Strategic Management and Competitive Advantage provides the most accurate, relevant, and complete presentation of strategic management today. This book is thoroughly updated to include cutting edge research and trends that are shaping business strategy. The editor guides students through the strategic management process using a unique model that blends the classic industrial organisational model with the resource-based view of the firm to explain how firms use the strategic management process to build a sustained competitive advantage. The text includes current and relevant examples to provide context for key concepts, outstanding figures and models to illustrate key points, and other section contains engaging and exemplary cases that cover a broad range of critical issues confronting managers today.

STRATEGIC MANAGEMENT: Creating Competitive Advantages, 3/e, by Dess, Lumpkin, and Eisner, responds to the demands of today's rapidly changing and unpredictable global marketplace that students will face when they enter the business world. The concepts-only text provides students with a timely, rigorous, and relevant book written in an engaging manner to spur their interest and excitement. This book provides a solid treatment of traditional topics in strategic management as well as contemporary topics such as entrepreneurship, knowledge management, and e-commerce and internet strategies. Numerous applications from business practice plus sidebars (approximately six per chapter) bring key concepts to life. Instructors can create their own case volumes for use with Strategic Management 3rd Edition from a variety of source- pre-selected case packets, customizing from a recommended set which have been carefully mapped to the chapter concepts, or from the entire Primis database which features cases from Harvard, Darden, INSEAD, Ivey, and other reputable sources.

For courses in strategy. A Practical, Skills-oriented Approach to Strategic Management In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping students develop their own cutting-edge strategy through skill-developing exercises. Students, if MyManagementLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyManagementLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyManagementLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

"Essentials of Strategic Management 6 edition by Gamble, Peteraf, and Thompson presents concise, straight-to-the-point discussions, timely examples, with a writing style that captures students' interest. It features 10 chapters with 12 tightly linked cases. The content is solidly mainstream and balanced, mirroring both insights of academic thought and real-world strategic management. For years strategy instructors have been shifting from purely text-cases to a text-cases-simulation course structure. Two widely used online competitive strategy simulations, The Business Strategy Game and GLO-BUS, are optional companions. Both simulations are closely linked to the content. "--
