The T-TESS rating is based on a nine-month experience. Registering the rating considers all the available evidence (e.g., walkthroughs,

Download Free T TESS

student performance examples, the formal observation, parent communication). Any artifact the teacher or principal can produce to support this register should be considered. Registration implies achievement with verification. Although classroom walkthroughs will not be calculated into the final T-TESS

rating, they can help
register the rating.
