I then want to analyse two poems, one by Hughes, one by Plath, often read alongside each other. Moving away from the partnership I would like to explore the importance of the American confessional movement of the 50s and 60s for Plath. Then I will finish arguing against Ted's interpretation of one of Plath's very last poems, 'Sheep in Fog'. So let us

Transcript. At the time of her death in February 1963, aged thirty - tragically she committed suicide - Sylvia Plath had published just one book of poetry to muted response and one novel. Yet she is now recognised as a major poet whose life and work challenge us artistically, psychologically and morally. The catalyst was the Ariel poems. They were discovered after her death by her husband, the poet Ted Hughes, edited by him and were published in 1965.

~~About the poems of Sylvia Plath - British Library~~

Sylvia Plath's status as a major American poet has been obscured by her reputation as a martyr, a victimized woman whose tragic life finally ended in suicide. Nevertheless, there are many who insist the poems in her posthumously published volume, Ariel, represent the most dazzling and productive short period of writing since Keats. In this verse, it is argued, Plath fully realizes the Keatsian sense of the sweetness of death—a longing to be swallowed up by something greater than oneself ...

More than 100 years after her death, artist Sylvia Plath remains an enigma. She's remembered for her poems, even though she never published a full verse collection. While her life represented plenty of battle, pain and suffering, her poems emerged during the war years, when artists competed against each other — both literally and figuratively — to show off their poetry and paint their ...

'Daddy' is perhaps Sylvia Plath's most famous poem. It is the second on this list to reference the holocaust and compares a father figure to many things, including a Nazi officer and a vampire. It is considered to be semi-autobiographical, giving the reader, and Plath scholar, insight into the relationship between the writer and her own father, Otto.

Hughes' is a feat of human endurance in the face of murderous forces; Plath's poem is about the thoughts inspired by nature; Hughes's is about the physical encounter between self and what is outside the self; the comparison of the poet, who remains earth-bound, and the weightless bird, surveying swathes of land from on high, is perhaps a worn conceit, but the poem culminates in the bird's death.

Summary of Mushrooms. 'Mushrooms' by Sylvia Plath is a powerful, deeply metaphorical poem that uses mushrooms as a symbol for women and their struggle for equal rights. The poem slowly but steadily reveals to the reader that the "us" mentioned in the second stanza is a collection of mushrooms and that those mushrooms represent women.

About this Course. In this course, we explore the poetry of Sylvia Plath: first, we think about what it means to describe Plath as a writer of Confessional Poetry; after that we look at the themes of motherhood and love in Plath's poetry; in the third module, we think in more detail about 'Ariel' (1965) before focusing in the last module on Plath's engagement with contemporary politics.

~~The Poetry of Sylvia Plath - MASSOLIT~~

(from Sylvia Plath's poem, "Lady Lazarus") Plath wrote constantly about death and suicide. Sylvia Plath is synonymous with the term suicidal artist. She was a child prodigy, writing her first poem at age eight. But at age nineteen, the overachiever crashed hard with a nervous breakdown and a suicide attempt.

Sylvia Plath is one of the defining voices in twentieth-century poetry. This classic selection of her work, made by her former husband Ted Hughes, provides the perfect introduction to this most influential of poets. The poems are taken from Sylvia Plath's four collections Ariel, The Colossus, Crossing the Water and Winter Trees, and include many of her most celebrated works, such as 'Daddy', 'Lady Lazarus' and 'Wuthering Heights'.

A collection of poetry addressed to Hughes's late wife, poet Sylvia Plath, reexamines the psychological breakdown that led to both some of her greatest poems and to her untimely death. Reprint.

An uncensored collection of the late poet's complete journals as recorded during the last twelve years of her life includes previously unpublished material and chronicles her personal and literary struggles.

The authors discuss Sylvia Plath archival discoveries in unique ways, unearthing previously unknown materials and bringing new context to well-known works New essays on the sociological notion of 'haunting' in the archive Innovative approaches to distance/international collaboration in archival scholarship Introduces new ways of understanding Sylvia Plath Plath's The Bell Jar is to be released in 2018 as a major film starring Dakota Fanning and directed by Kirsten Dunst These Ghostly Archives: The Unearthing of Sylvia Plath offers a ground-breaking look at Plath studies. Focusing on previously unpublished material found in archives from around the world, These Ghostly Archives aims to reconstruct the ghostly figure of Plath within our culture via unseen letters, manuscripts, photographs, places and poems. This book approaches archival studies exploring both the practical and experiential work carried out in the archive, highlighting the 'detective'-type work that it involves and the traces left behind from history. However, for the first time, this work also combines the sociological notion of 'haunting' - that is, the archive as a location where researchers haunt the research subject and in turn are haunted by the traces left behind. Never is material culture more powerful than when associated with the dead; never is the archive ghostlier when haunted by the absent presence of Plath. This book showcases the necessity to leave no archival box or folder left unopened, and how the researcher and the archive can change even though its documents

might stay the same. Illustrations: 32 colour photographs

This is a mimeographed transcript of a recording made July 10, 1963 for the British Broadcasting Corporation's Third Programme, compiled and narrated by Alfred Alvarez, and produced by Philip French. It includes references to recordings of Sylvia Plath's poetry, which--in the broadcast--were interspersed throughout.

'Provides a compelling argument for Plath's revision of the painful parts of her life--the failed marriage, her anxiety for success, and her ambivalence towards her mother. . . . The reader will feel the tension in the poetry and the life.'Choice '[Examines] Plath's twin goals of becoming a famous poet and a perfect mother. . . . This book's main points are clearly and forcefully argued: that both poems and babies require 'struggle, pain, endless labor, and . . . fears of monstrous offspring' and that, in the end, Plath ran out of the resources necessary to produce both. Often maligned as a self-indulgent confessional poet, Plath is here retrieved as a passionate theorist.'--Library Journal Susan Van Dyne's reading of twenty-five of Sylvia Plath's Ariel poems considers three contexts: Plath's journal entries from 1957 to 1959 (especially as they reveal her conflicts over what it meant to be a middle-class wife and mother and an aspiring writer in 1950s America); the interpretive strategies of feminist theory; and Plath's multiple revisions of the poems.

"Plath's voice is lucid and precise, and the poetry is deeply intense in its reading and mood. The words combined with the voice render stunning images of the inner self and the creative energy of Sylvia Plath." BooklistIncludes: Leaving Early * Mushrooms * The Surgeon at Two A.M. * The Disquieting Muses * Spinster * November Graveyard * A Plethora of Dyrads * The Lady and the Earthenware Head * On the Difficulty of Conjuring Up a Dryad * On the Decline of Oracles * The Goring * Ouija * Sculptor.

A major literary event: the first volume in the definitive, complete collection of the letters of Sylvia Plath—most never before seen. One of the most beloved poets of the modern age, Sylvia Plath continues to inspire and fascinate the literary world. While her renown as one of the twentieth century's most influential poets is beyond dispute, Plath was also one of its most captivating correspondents. The Letters of Sylvia Plath is the breathtaking compendium of this prolific writer's correspondence with more than 120 people, including family, friends, contemporaries, and colleagues. The Letters of Sylvia Plath includes her correspondence from her years at Smith, her summer editorial internship in New York City, her time at Cambridge, her experiences touring Europe, and the early days of her marriage to Ted Hughes in 1956. Most of the letters are previously unseen, including sixteen letters written by Plath to Hughes when they were apart after their honeymoon. This magnificent compendium also includes twenty-seven of Plath's own elegant line drawings taken from the letters she sent to her friends and family, as well as twenty-two previously unpublished photographs. This remarkable, collected edition of Plath's letters is a work of immense scholarship and care, presenting a comprehensive and historically accurate text of the known and extant letters that she wrote. Intimate and revealing, this masterful compilation offers fans and scholars generous and unprecedented insight into the life of one of our most significant poets.

Sylvia Plath began keeping a diary as a young child. By the time she was at Smith College, when this book begins, she had settled into a nearly daily routine with her journal, which was also a sourcebook for her writing. Plath once called her journal her "Sargasso," her repository of imagination, "a litany of dreams, directives, and imperatives," and in fact these pages contain the germs of most of her work. Plath's ambitions as a writer were urgent and ultimately all-consuming, requiring of her a heat, a fantastic chaos, even a violence that burned straight through her. The intensity of this struggle is rendered in her journal with an unsparing clarity, revealing both the frequent desperation of her situation and the bravery with which she faced down her demons. Written in electrifying prose, The Journals of Sylvia Plath provide unique insight, and are essential reading for all those who have been moved and fascinated by Plath's life and work.

A realistic and emotional look at a woman battling mental illness and societal pressures written by iconic American writer Sylvia Plath. "It is this perfectly wrought prose and the freshness of Plath's voice in The Bell Jar that make this book enduring in its appeal." — USA Today The Bell Jar chronicles the crack-up of Esther Greenwood: brilliant, beautiful, enormously talented, and successful, but slowly going under—maybe for the last time. Sylvia Plath masterfully draws the reader into Esther's breakdown with such intensity that Esther's neurosis becomes completely real and even rational, as probable and accessible an experience as going to the movies. Such deep penetration into the dark and harrowing corners of the psyche is an extraordinary accomplishment and has made The Bell Jar a haunting American classic. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.
